

COVID-19 positive?

Get **COVID-19 treatment quickly** with a free telemedicine appointment **without leaving home**. You have to start taking treatment within 5 days after your symptoms begin – seek treatment early!

A telemedicine provider can:

- Recommend if you need treatment
- Send a prescription for antiviral pills to your local pharmacy or mailing address

Make a telemedicine appointment if you are COVID-19 positive and:

- 12 or older
- Experiencing mild-to-moderate symptoms
- At high risk for severe illness

Health insurance and an ID are NOT required.

Visit **StarMed.Care/nc** or call **704-941-6000** between 9 a.m. and 7 p.m. to schedule a phone or video telemedicine visit.

Services and support are available in more than 200 languages, including English, Spanish, Arabic, Chinese, French, Vietnamese, Korean and Russian.
